# About Us

## Background, Mission

### 👉 Background

EBRON CONSTRUCTION was established in 2014 by Engineer Elias Yimer, who has more than twenty years of work experience in consulting and managing from small to high skill demanding civil engineering works. Although our company is situated in Addis Ababa, we operate throughout Ethiopia. We are always available with the necessary skills, knowledge and equipment to meet any requirement in the field of general construction, civil construction, sanitary works, electrical, indoor electromechanical, building different finishing works with standard quality and industrial partition works.

### 👉 Mission

To be a dynamic leader committed to quality and excellence through service to the construction industry by fully engaged to the total customer satisfaction by innovative quality work follow up, superlative quality of material, following the edge of technology, timely completion and demonstrating the highest standards of workmanship.

## Services

### Construction

**Construction** We at EBRON, view customer satisfaction as an important primary asset that guarantees our success and continued growth. This begins with using the best materials available, the latest but proven advantages of the state-of-the-art technology and efficient execution at a competitive price, but not at the expense of delivering quality work.

We go still further: we come to every business and partner and project with an open mind and flexible approach. We give every project our best to meet and comply with our clients' needs, and make every effort in being flexible to accommodate your choices and preferences.

Our services range from:

- complete construction,
- phase to phase construction,
- Civil works
- Road works
- Bio Ethanol Plant
- Mixed use buildings
- WWTP (waste water treatment plant)

## PORTFOLIO

Completed

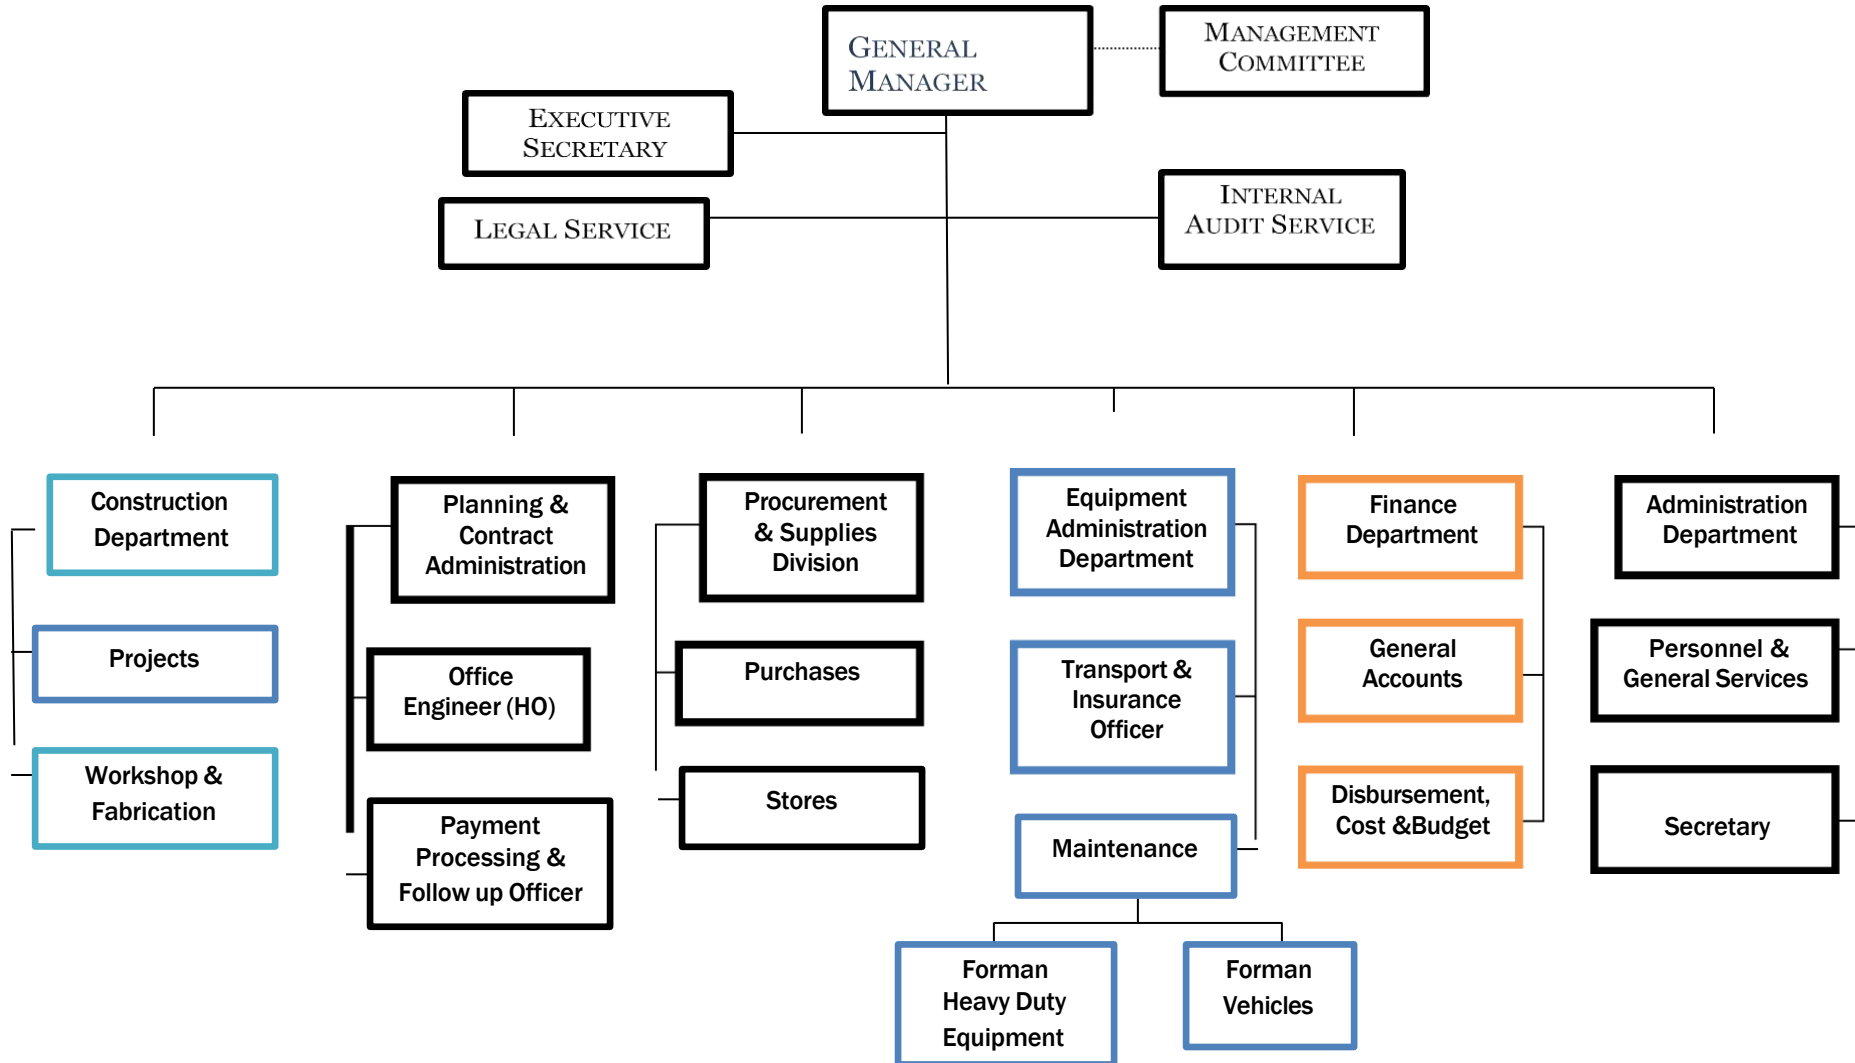

### Portfolio

The projects we have executed are showcases of EBRONs' professional dedication and executing capacity. Here are some examples of the successfully completed projects in the last 5 years.

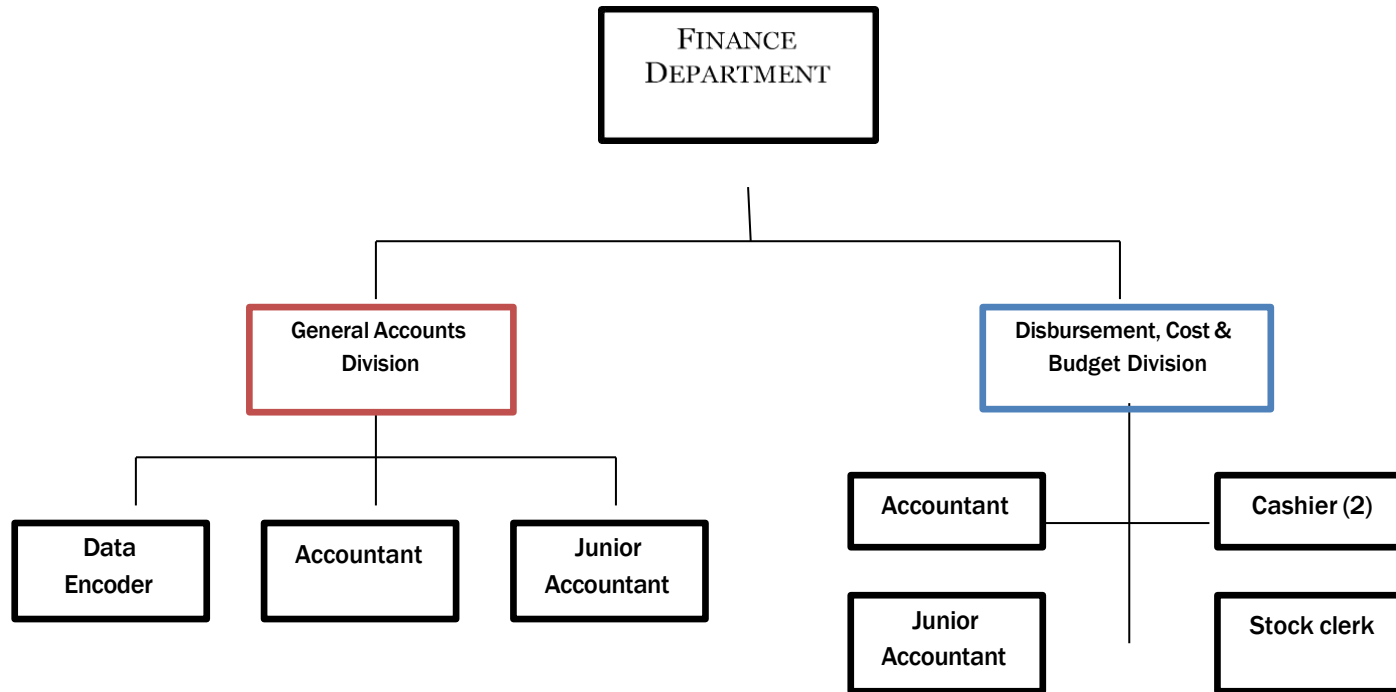

### 1.4 Organization and management Staff

*ORGANIZATION CHART AND DUTIES OF EACH UNITS*

#### EBRON CONSTRUCTION

### Organizational Structure of Finance Department

## **1. Duties and Responsibilities of Functional Units**

### ***1.1 The General Manager***

The GM has powers and duties to administer the affairs of the Company and shall perform all acts relating to the business purposes stated in the Memorandum of Association. Her/his duties and responsibilities include:

- Plan, organize, provide guidance and coordinate the formulation of overall organizational policies, strategies and guidelines as well as short, medium and long term objectives;
- Ensure that all the organizational rules, regulations, guidelines, directives and procedures are adhered to;
- Arrange financial resources and banking relationships and ensures that adequate resource is available for the implementation of Ebron Construction programs;
- Authorize administrative and financial matters;
- Sign contractual agreements with clients and sub-constructors;
- Direct, supervise and control all activities and ensure harmony and good linkage among the units of Ebron Construction;
- Establish and maintain relationship and cooperation with suppliers, clients and other stakeholders to promote the objectives and build the image as well as credibility of Ebron Construction ; and
- Ensures that periodic, regular and timely reports, financial statements are prepared and submitted on time.

The General Manager is also the chairman of the Management Committee that is responsible for taking crucial and major operational decisions jointly after thorough discussions and careful analysis.

Department managers and service heads have two hats - leaders of their unit and member of the organization's leadership structure (management committee). Therefore, in addition to identifying each role's contribution in terms of managing their unit, it is essential to define their contribution in terms of the organization's leadership. This would help to:

- Make trade-offs to optimize the portfolio rather than focusing exclusively on individual. Departmental strategies;
- Make decisions for the "corporate good" rather than narrow functional/departmental interests.

The Management Committee shall meet weekly and is viewed as an important tool for supporting all management members in every important decisions of the Company and provides the ground to exercise their decision making ability as well as obtain their commitments for the implementation of mutually agreed actions.

## **1.2 Construction Department**

The Construction department is accountable to the GM. The department's duties and responsibilities include the following:

- Plan, organize, direct, control and supervise the activities of the projects;
- Produce wood, metal, cement etc. materials in its workshop and distributes it to projects;
- Ensure that appropriate logistics are supplied to projects on time;
- Monitor the efficient utilization of construction materials and labor resources;
- Monitor and control the implementation of projects in progress;
- Prepares periodic progress reports and submits to the GM.

## **1.3 Planning & Contract Administration Department**

The Planning & Contract Administration department is accountable to the GM. The department's duties and responsibilities include:

- Plan, organize, direct, control and supervise the activities of the projects;
- Supervise the construction work to ensure that it is executed in strict conformity with the contract documents and drawings, designs and specifications.
- Conduct follow-up on tender releases and prepares bid documents to compete for tenders;
- Ensure timely preparation of work measurements and payment certificates;
- Follows up payment processing
- Prepares periodic reports and submits to the GM.

## **1.4 Administration Department**

The Administration department is responsible to the GM and assumes the following duties and responsibilities:

- Plan, organize, direct, coordinate and supervise personnel administration, human resources development and general service of the company;
- Ensure that recruitment, promotion, transfer, termination, disciplinary, matters are executed in accordance with regulations and directions of BEHCON and the Labour Law of the country;
- Ensure the availability and smooth functions of photocopying, mail pick-up, water, electricity and telephone services of the organization;
- Coordinate the activities of the organization's security force following established security procedures;
- Prepares and submits periodic report to the GM.

## **1.5 Finance Department**

The Finance Department is responsible to the GM and assumes the following duties and responsibilities:

- Plan, organize, direct, coordinate and supervise financial and budgetary activities of the company;
- Ensure that financial systems and documents are in compliance with laws, policies, standards and regulations of the Country and with generally accepted accounting principles and practices;
- Maintains proper books of accounts and produce periodic financial reports;
- Ensure the timely collection of income and receivables and settlement of all obligations (taxes, payables, etc.);
- Make periodic disbursements according to approved budget;
- Develop costing mechanisms to ensure that operations of projects are implemented in cost effective manner;
- Maintain each project as a cost centre and identifies its profitability;
- Analyse financial statements and advise the GM on implications and course of action;
- Prepare and submits periodic reports to the GM.

## **1.6 Equipment Administration Department**

The Equipment Administration Department is responsible to the GM and assumes the following duties and responsibilities:

- Ensure the delivery of fast and cost efficient transportation service of the company;
- Coordinate and monitor the repair and maintenance of vehicles and machineries of the company;
- Bear responsibility for following up the existence of machinery and vehicles at the HO and assigned Project Sites at any time.

## **1.7 Procurement and Supplies Division**

The Procurement and Supplies Division is responsible to the GM and assumes the following duties and responsibilities:

- Plan purchases, make follow-up on purchase orders if delivery has not been made timely;
- Provide ways of standardized procurement of supplies, material and services;
- Ensure that the required materials are purchased at the right time, right price, right quality and right quantity and dispatched to the concerned project timely;
- Ensure that all incoming goods, are inspected as to quality, quantity and condition;
- Assure that stock/inventory of the Company is adequately protected against losses from theft, spoilage, unauthorized withdrawal, by employees.

## **1.8. Project Offices**

The Project Offices are responsible to the Engineering Department and assume the following duties and responsibilities:

- Execute the implementation of construction projects;
- Plan and request material and labor resources for projects being implemented;
- Ensure material and labor resources are used in the most effective manner;
- Prepare monthly progress report and submit to the Chief Engineer;
- Ensure that the company's properties at Projects are recorded, adequately secured and protected.

## **1.9 Internal Audit Service**

This Internal Audit Service is made to report to the GM and is charged with responsibilities of performing the following principal functions:

- Evaluate financial and operational procedures for adequacy of internal controls and provide advice and guidance on control aspects of new policies, systems, processes, and procedures;
- Verify the existence of the company's assets and ensure that proper safeguards are maintained to protect them from loss;
- Determine the level of compliance with company's policies and procedures;
- Determine the effectiveness and efficiency of work units in accomplishing their mission;
- Improve implementation of internal control objectives by evaluating the adequacy of internal controls and their effectiveness;
- Document and evaluate the internal control systems of the Company;
- Devise plans to test the systems periodically;
- Conduct periodic audits on transactions effected;
- Prepare reports on systems (operational) audit and present them to the General Manager;

- Follow up and report on implementation of previous audit recommendations (both internal & external);
- Exercise surprise cash and account audit;
- Perform special audits as assigned by the GM.

### **1.10 Legal Service**

The Legal Service is made to report to the GM and is charged with responsibilities of performing the following principal functions:

- Provide opinion and advisory service to the management and other work units in the Company;
- Prepare contracts and other legal documents;
- Handle law suits when clients default to pay for the work done fail to perform as per contracts entered;
- Represent the Institution in any court action;
- Assist in negotiating on labor and other issues.

## 2.1. Sample pictures of the above projects

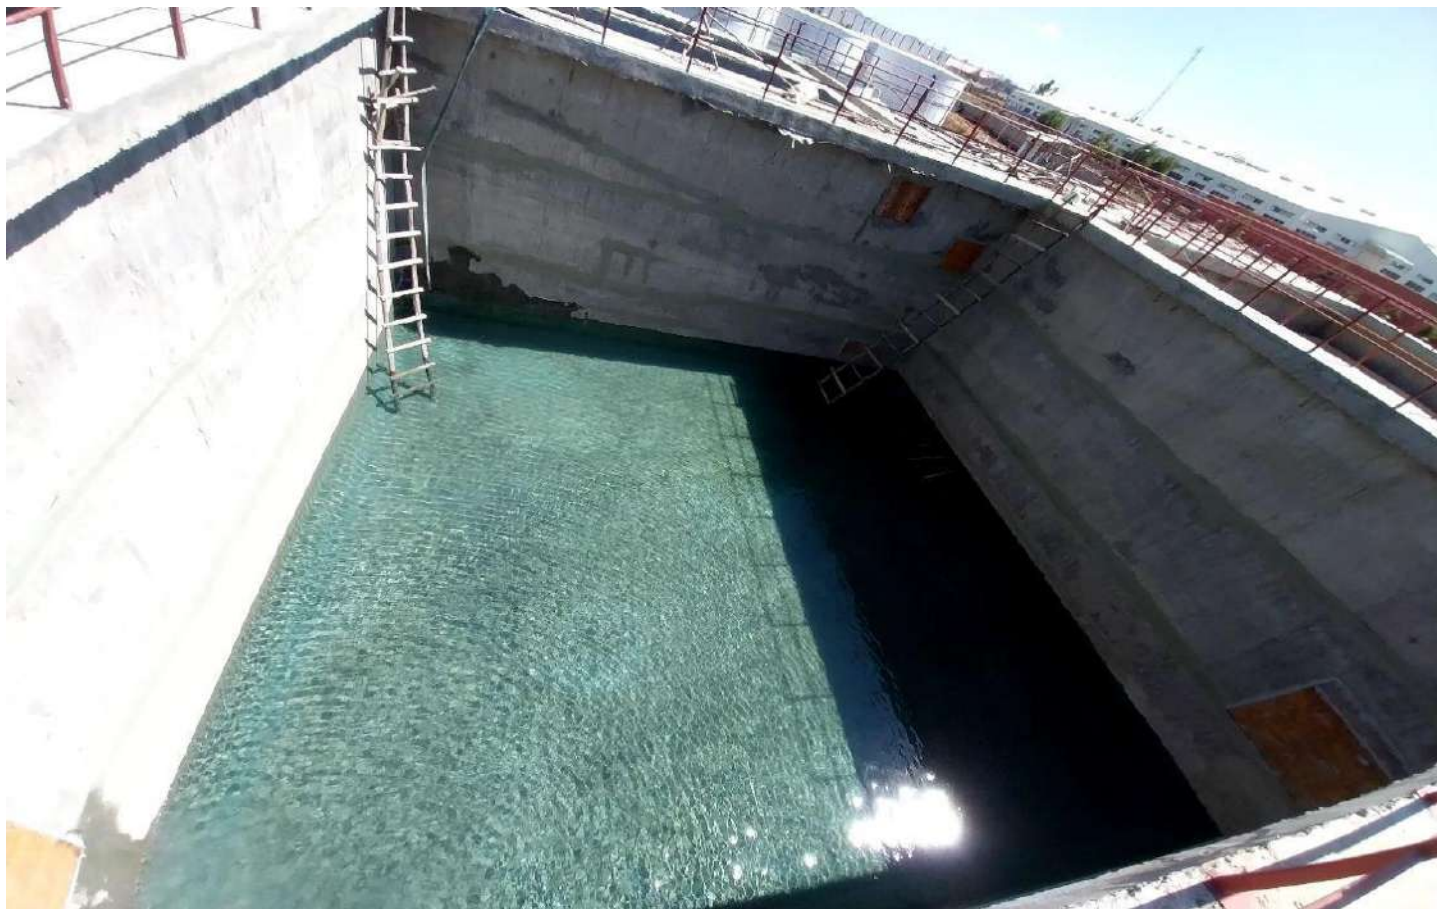

### • 2.11 Debre Birhan WWTP civil work

- Works executed include
    - Earthwork
    - Retaining walls
    - Thermal and moisture protection work
    - Steel works
    - Water proofing, WWTP surface Treatment
    - Curb stone, Walkway & Culvert works
  - Project worth total cost of 33,386,426.00 before vat
- Status – 95% completed**

## 2.12 Harar Hardstand (Shade Construction)

- **Heineken Breweries S.C**
- ✓ Construction of Shade to waste water treatment Plant
- Location- at harar Brewery
- Contract Amount:-18,386,771.56 ETB
- Status- 85% completed

- **Heineken Breweries S.C**
- ✓ Construction of Shade to waste water treatment Plant
- Location- at harar Brewery
- Contract Amount:- 18,386,771.56 ETB
- Status- 85% completed

### 2.13 Harar WWTP civil works

- **Heineken Breweries S.C**
- ✓ Construction of civil works
- ✓ Construction of WWTP
- Location- at harar Brewery
- Contract Amount:-22,960,787.68 ETB
- Status-90% completed

## 2.14 WTP Wall Cladding

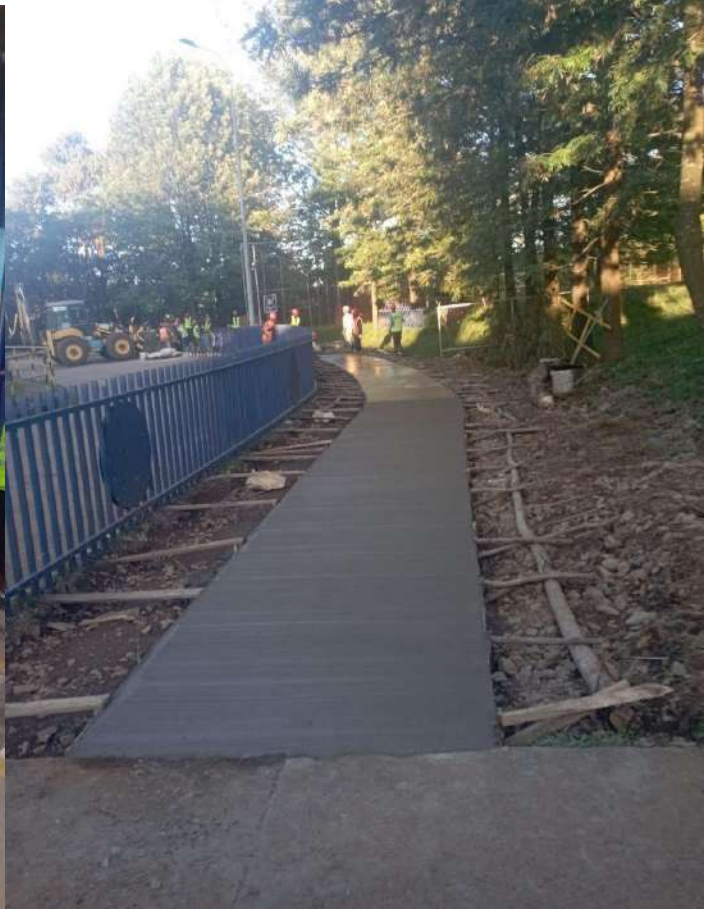

- **Heineken Breweries S.C**
- ✓ Construction of civil works
- ✓ Construction of WTP Wall Cladding
- Location- at harar Brewery
- Contract Amount:- 3,602,515.69 ETB
- Status-100% completed

## 2.15 Bedele Hardstand (Road Construction)

- **Heineken Breweries S.C works include-**
  - ✓ Hard Stand Construction
  - ✓ Road construction
- **Location-** at Bedele Brewery
- **Contract Amount:-** 38,294,441.78

## 2.19 Hardstand Construction

- **Heineken Breweries**
- S.C works include-**
  - ✓ Hard Stand Construction
  - ✓ Road construction
- **Location-** at Bedele Brewery
- **Contract Amount:-** 38,294,441.78

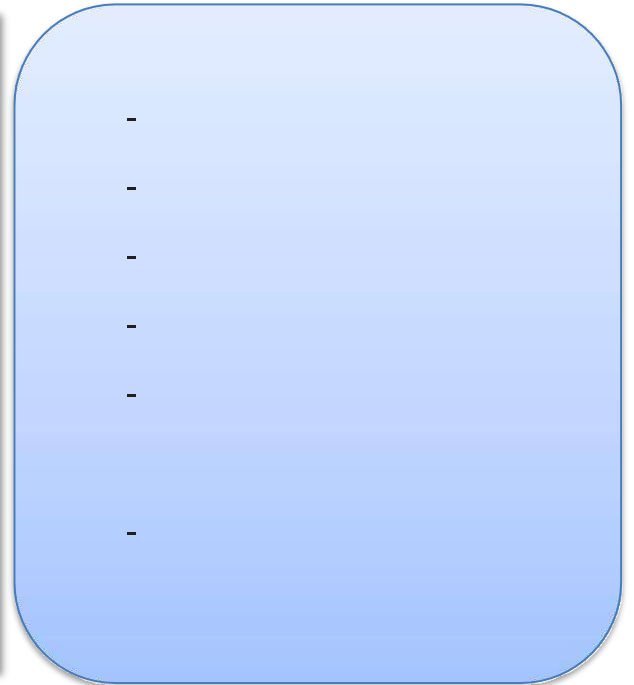

## 2.20 Warehouse Relocation

- Heineken Breweries S.C works include-**
  - ✓ Warehouse Relocation
- Location-** at Bedele Brewery
- Contract Amount:-** 8,630,707.89 birr

## 2.21 ROAD EARTHWORK & DRAINAGE WORKS

## 2.22 Debrebirhan Brewery

### ☛ **DASHEN BREWERY PROJECT (DEBRE BREHAN)**

- Works executed include
  - Roof insulation
  - sky tunnel for factory and
  - painting of steel structures.
- **Project worth total cost of 1,648,878.84**

**Status- COMPLETED**

## 2.22 Habesha brewery Phase I,II&III

---

- **Habesha Breweries Project Phase III** Works executed include-
  - Gypsum and HPL partition works
  - Site road works
  - Earth works & Concrete pavement
- Project worth total cost of **12,492,557.40**

**Status –COMPLETED**

## 2.23 G+5 Mixed Use Building

Project: EBRON MIXED USE BUILDING  
Works Accomplished include

- ☞ Structural Works (Substructure & super structure)
- ☞ Finishing Works (Internal & External)
- ☞ Contract amount- **86,546,458.72 ETB**

**Status –COMPLETED**

Project: EBRON MIXED USE  
BUILDING

Works

- Internal Finishing works and fixtures

## 2.24 KESSEM E BIO-ETHANOL FENCE WORK

- Works executed includes-
  - Factory Perimeter fence
  - road work, clearing,
  - grubbing
- The Project is worth total cost of 19,818,000ETB (Nineteen Million Eight hundred Eighteen thousand birr)
- **Status –COMPLETED**

## 2.25 KESSEM E BIO-ETHANOL BULK EARTH WORK

Works executed includes-

- road work
- clearing, grubbing Project worth total cost of 13,320,000 ETB

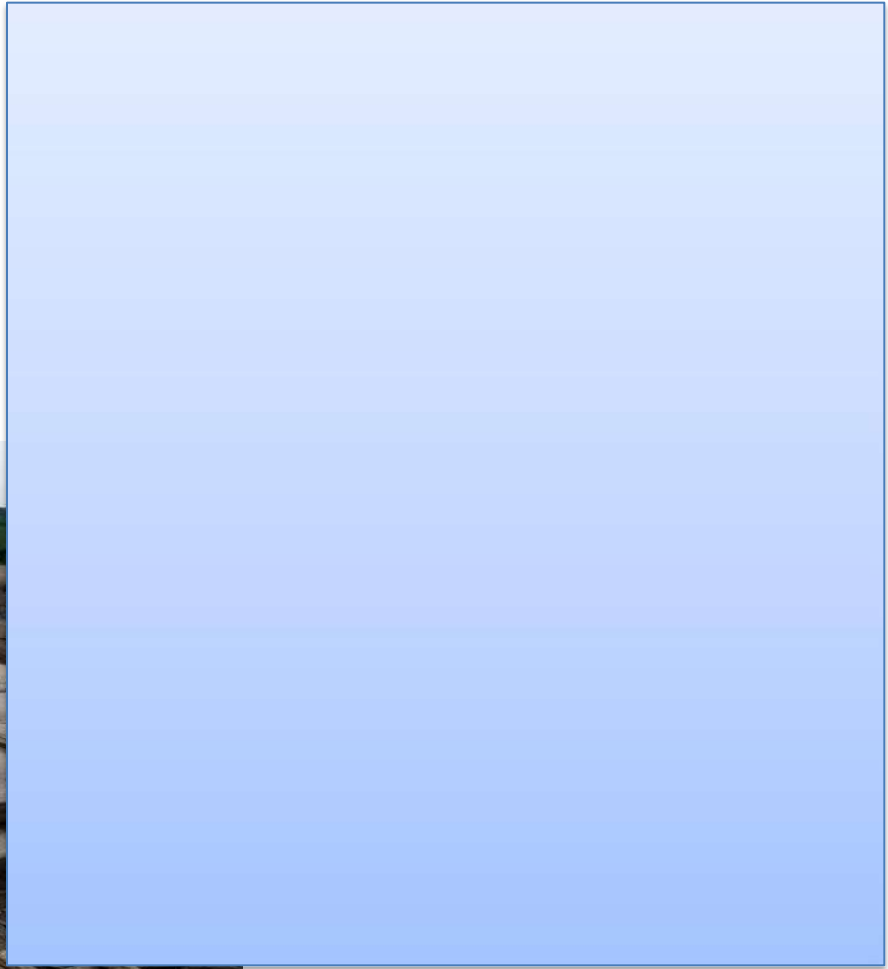

**Status –COMPLETED**

## 2.26 KESSEM E BIO-ETHANOL MAIN CIVIL PROJECT

- **KESSEM E BIO-ETHANOL MAIN CIVIL PROJECT**

Works executed include-

- Concrete Water tankers
- Access Road construction
- Structural Steel works
